FAQs

1. GMD is not able to provide onsite, overnight EMPLOYEE PARKING. Employees who bring a car will be required to pay a \$250 (subject to change) parking permit up front. You will be required to continually shovel out your car and move it to accommodate plowing as necessary. Additionally, law enforcement will frequently restrict vehicles up or down Little Cottonwood Canyon unless they are equipped with snow tires and chains or 4 WD from November through May. Again, due to the limited space and snow removal issues, the Town of Alta has strict parking regulations, which are enforced often. It's a lot of work if you choose to bring your car but it does afford our onsite staff with more freedom. [Alta Parking](#)
